

Driving Instructions from Billings To Red Reflet Ranch

Navigation systems (GPS) do not recognize all of the roads on your route to the ranch. It is best to follow these instructions. Watch speed limits closely!!

From Billings Airport, drive down to join up with I90 and go west about 12-14 miles to the Laurel East Exit (434)

Go South on 212/310 for about 20 miles and you will come to the Rockvale intersection which splits 212 and 310. Drive South on 310 for approximately 42 miles to Lovell, and then you will go through Greybull and Basin ... continue on 310 South.

12 miles south of Basin you will see the "Manderson" sign ... make a left (Hwy 31) and drive through the town.

Drive for 15 miles and on the right-hand side, you will see a sign for "Ten Sleep"

Make a right and drive for 20 miles, this will bring you to Highway 16 (Comes to a T). Left for Ten Sleep and right for Worland - make a left and 200 yds on the right, just past the Ten Broek RV Park you will turn right

There is a sign that says "Big Trails" ... but next thing you know you are on Hwy 434... well, Big Trails and Hwy 434 are the same!!! Welcome to Wyoming! Drive for 7.27 miles and you will see a DOT sign on the right - "Spring Creek Road" - make a left and stay left and drive for 2.9 miles (Turns into a gravel road very quickly) ... don't be shocked but Spring Creek Road has now become County Road 58) ... you will be on the Ranch in 2.9 miles and at the entrance ... you cannot miss the sign ... make a left on the blacktop road up to the Lodge ...
